

CASE STUDIES

Measured results for four partners · 2024 to 2026

7,318 senior professionals clicked through, over 25 email placements

OBJECTIVE

Grow enrolments for Outskill's AI courses and fill recurring webinars, with pushes timed to their launch calendar

WHAT WE RAN

25 Primary Ad placements in the email newsletter, July 2024 to November 2025. Each placement carried one offer, one creative and one call to action

AGAINST THE GUARANTEE	
Primary Ad minimum	200 clicks
Outskill median	298 clicks
Best placement	754 clicks
Emails delivered	1.40M

Unique ad clicks

2.1%

Average ad CTR

Measured in beehiiv post analytics. Direct placements only; ad-network placements excluded

467K unique opens and 5,131 clicks across ten months of recurring waves

OBJECTIVE

Full-funnel growth: awareness of Guidde's AI video documentation, then signups, in waves aligned to product moments

WHAT WE RAN

21 Primary Ad placements in the email newsletter, December 2024 to October 2025, plus three LinkedIn newsletter issues in autumn 2025

AGAINST THE GUARANTEE	
Primary Ad minimum	200 clicks
Guidde median	202 clicks
Best placement	532 clicks
Emails delivered	1.50M

RUN YOURS

Same format. Your product, your numbers

Every campaign ends with a report like the ones behind these four pages: views, clicks, downloads, and cost against the benchmarks

Email placements

Primary Ad in the email newsletter. 97K+ subscribers, 30% open rate, guaranteed 200 clicks a placement. From \$1,299

Bespoke carousels

Five carousels on five use cases, each a lead-capture ebook. 240K+ views and 2,600+ downloads per ten, measured. From \$699 a carousel

Recurring waves

Placements timed to your launches, webinars and product moments, across email and LinkedIn. Quoted per campaign
